To,

Offg: Secretary to the Government of
His Highness the Maharaja of Mysore,

Sir,

I have the honor to state that in the Town of Tumkur there is a Yunani Dispensary maintained by one Mr.Gulam Mohamed Sahib Hakeem. Towards the maintenance of this Dispenasry at the instance of the Tumkur Municipal Council a monthly grant of Rupees 30/- was sanctioned in Government Proceedings No.10650-1/Med:138-08-4 dated 27th April 1909. The Dispensary is a popular institution in the Town and it is resorted to by the people in villages in the neighbourhood of Tumkur and by those in the Taluks of the District as well. It has been more than once represented by the Hakim that the present Municipal grant is quite insufficient to meet the cost of the medicines dispensed at the Dispensary and that the present grant may therefore be increased. Considering the fact that the Dispensary is made use of by the people in rural parts of the District, the Hakim's petition dated 31st July 1911 praying for an additional grant was placed before the District Board on the 20th Septembet 1911. A copy of the Resolution of the District Board thereon stating that a monthly grant of Rupees 20/- may be granted to the Dispensary out of the District Funds, is herewith forwarded for perusal. Agreeing with the views

of

of the District Board in the matter, I recommend that a monthly grant of Rupees 20/- may be sanctioned out of the District Funds. The cost thereof for the current year may be met by reappropriation from the source pointed out in the current year's District Fund Budget by the District Board in the accompanying copy of their Resolution.

2. The petition of the Hakim, referred to above, is herewith forwarded for perusal.

VIII. Read petition dated 31st July 1911 from Hakim Gulam Mohamad Sah of Tumkur praying for an additional grant to his Unani Dispensary at Tumkur, as the present Municipal grant of Rupees 30/- is not sufficient for its maintenance &c.

Resolution:- It is a fact that this is a popular institution and it is resorted to by the town people of Tumkur as well as by the people of the neighbouring villages and Taluks. From the accounts furnished, the attendance at the Dispensary is large and the present Municipal grant is quite insufficient to meet the cost of the medicines dispensed. In these

circumstances

circumstances a monthly grant of Rupees 20/- may be paid out of the District Funds and the same for the current year may be made available out of the provision in the current year's District Fund Budget under C.Civil charges VI conservancy and sanitary charges.

=cipality in the shape of a monthly grant, I find it extremely difficult to meet the enormous demands of this abnormal swell of patients; and this paltry grant hardly suffices for the purchase of even the ordinary drugs; and it is insufficient for even a single costly Yunani preparation. I supplicate that your Honor will mercifully be pleased to give a due consideration to these matters; and get an enhancement of the monthly grant.

2ndly. This is a very highly and widely appre=ciated popular native medical institution in the town of Yumkur. It is now located in a very small room; and the want of space for such a large attendance of patients is very keenly felt. I own another room immediately adjoining it to the north. it is desirable that both these rooms be joined and amalgamated into one large, capacious and commodious structure. If the Government would deign to con=tribute a reasonable quota of building expenses, I shall induce the well-to-do portion of the population of Yumkur to supplement it by the levy of private contribution to answer in full the expen=diture of the reconstruction of the building in question. These representations are not actuated by any self-interested motives; they involve in reality the weal of the public for their aim. If so desired I shall produce a general Mahazar from the rich and poor alike of Yumkur and from all races and clans resident herein in substantiation of these facts."

II 46. for matters since the date of

the above petition there was a decadence in the attendance of patients during the late plague-evacuation; but with the reoccupation of the town, the influx of patients seeking medical relief from my institution is main= =tained as before. I am in a great fix to afford satisfaction to such swelling numbers unless an aug= =mentation is made to the municipal grant-in-aid. The affair of the enlargement of accommodation can be held over for a time; but I implore to say that the matter of the enhancement of the grant is of more urgent-pressing necessity and may receive early gracious notice in Your Honor's mercy.
